It Started With a Fragrance...

Banana Nut Bread, to be precise, melted in a decorative ceramic warmer. It filled the Thompson home with the scent of ripe banana, nuts and spices, together with the stories and laughter that come with reminiscing.

Heidi and Orville Thompson knew they had something special; something that could bless the lives of others and bring value to the world — something worth an investment of their resources, their time and their passion. What could they do but leap in wholeheartedly?

Today, eight years later, more than 200,000 passionate micro-entrepreneurs join the Thompsons in sharing the Scentsy experience and the Scentsy difference throughout the United States, Canada and Europe. What began as a simple idea — with a delicious fragrance — has become a rewarding opportunity for all who choose to embrace it.

NEW Citrus
Bright as a fresh-picked lemon, the simple design of Citrus lets its cheery yellow finish take center stage. Shown on page 22.

A Simple System

In Europe, Scentsy warmers use a heating element to slowly melt specially formulated wax, enhancing your home with 80 Scentsy fragrances safely, with no flame, smoke or soot.

To change wax in your Full-Size and Mid-Size Scentsy Warmers, pour completely melted wax into its original packaging, then clean the dish with a paper towel. If the wax is still fragrant, store the used bar in a cool place until you're ready to reuse it.

The Scentsy Mission

To bring value to the world by providing an industry-leading, family-friendly business opportunity selling creative, artistic, high-quality products that
Warm the Heart, Enliven the Senses, and Inspire the Soul.
